Director, Office of Community Coordination
Intelligence Community Staff

SUBJECT:

HPSCI Hearing Schedule - FY 1983 NFIP & TIARA

1. The staff of the Program and Budget Subcommittee of the House Permanent Select Committee on Intelligence has provided the following schedule for their budget hearings on the FY 1983 National Foreign Intelligence Program and Tactical Intelligence and Related Activities. This schedule has been coordinated with the staffs of the Appropriations and Armed Services Committees to insure the availability of Chairman Boland and Ranking Minority Member Robinson, hence there is limited flexibility for change. Should addressees have a serious problem with elements of this schedule, please notify the Subcommittee staff or ICS immediately. Any changes originating on the Hill will be passed to addressees as soon as received. All HPSCI hearings will be in H-407, The Capitol. Morning hearings will run from 0930 to 1230; afternoon sessions from 1330 to 1630.

2. HPSCI staff intends to contact each NFIP and TIARA program office to work out details of the hearings and to insure that there are no surprises on either side.

3. As in the past, a representative of the IC Staff is scheduled to attend each hearing, and is available to assist the program offices before, during, and after testimony. The Legislative Coordination Staff of the Office of Community Coordination is prepared to serve as the central point of contact to coordinate witness lists, arrange for transcript review, monitor response to questions for the record, and provide any appropriate help on request. Please call for any assistance that might be required.
